- If placement cannot be determined, the following will be considered. The total number of games played would be divided by the number of games scheduled to be played. - Example:
  - o number of games played: 1
  - o games scheduled to be played: 3 (excluding the championship game)
  - o  $1 \text{ divided by } 3 = .33$
  - o team tournament fee: \$405
  - o  $\$405 \times .33 = \$133.65$
  - o total fee paid:  $\$405 - \$133.65 = \$271.35$
  - o \$271.35 would be the amount to be refunded to each registered team
- Games scheduled to be played would not include the championship game in the above formula.
- If no games are played, the amount refunded will be determined by the Kick Some Grass Tournament Committee. Consideration shall be given to tournament expenses spread proportionately among the teams entered into the Kick Some Grass Tournament before any refunds are given.
